Dear Mr. Leggett:

This responds to your August 30, 2010, correspondence regarding the \$300 million referenced in the Department of Defense Appropriations Act for Fiscal Year 2010. These funds are available in the Defense Health Program Operation and Maintenance account for transportation issues stemming from the realignments associated with the 2005 round of Base Realignment and Closure.

Although the House and Senate Appropriations Committees have considered measures to execute these appropriated funds through the Office of Economic Adjustment, no action has been taken. As a result, we are unable to address your specific questions about an application and award process without further legislative direction.

Sincerely,

for Patrick J. O'Brien
Director
Office of Economic Adjustment
